As it is our desire to conduct our business ethically, we hope that all members of the Board of Directors, the Executive Officers and the Employees of the Company will all adhere to and comply with the Business Ethics of the Company as laid down herein for the sustainable development of the business of the Company and for one's own benefit.

The persons may carry out further investigations as deemed appropriate.

7. Warning on misuse of the Policy and protection to the whistleblower

7.1 Any complaint made which is later found false, or in bad faith, or with malicious intent, or in a careless manner, or for personal benefit is considered a serious violation. Such action is considered gross misconduct which leads to disciplinary actions as stated in the topic of the disciplinary and penalties in the "Employee Handbook of ThaiBev".

7.2 ThaiBev will not tolerate harassment or victimisation of Employees raising a genuine concern under the Policy and any person involved in either threatening or retaliation against a whistleblower will be subject to disciplinary action(s). If Employees are harassed or victimised in any way, Employees are advised to inform the matter to the person responsible for the investigation of the matter so that appropriate actions may be taken.

8. External reporting mechanism

The objective of this Policy is to determine an internal mechanism for submitting report, conducting an investigation and correcting any suspicious wrongdoings within ThaiBev's workplaces. It is recognised, however, that there may be circumstances where Employees feel that Employees should properly report matters to external bodies, such as regulators or the police if he/she feels that his/her safety and health may be compromised or; if he/she is unable to discuss the matter internally with one of the designated persons named in the clauses 4.3 and/or 4.4 or; if such matter involves a serious crime.

Whistleblowing concerns usually relate to the conduct of Employees. However, they sometimes involve actions committed by a third party, such as a customer, a supplier or a service provider to ThaiBev, Employees are strongly advised to first internally raise a concern in good faith to the one of the designated persons as per the clauses 4.3 and/or 4.4. Nevertheless, after the Employees have raised their concerns if he/she still reasonably believes it relates mainly to an action of that third party and it is under responsibility of that third party as stipulated by law, may raise a concern in good faith with the related governing authorities. Unless required by the laws, Employees are advised to internally raise a concern in good faith, where he/she reasonably believes it relates mainly to an action of that third party and it is legally under responsibility of that third party. In case Employees are in doubt, Employees should contact one of the designated persons named in the clauses 4.3 and/or 4.4 for guidance in the first instance.

Please note that it is inappropriate for Employees to go to the media with a concern about suspected wrongdoings.

9. Seeking independent advice

Any inquiries regarding the Policy, Employees may discuss them (without being required to make a formal report) with any of designated persons named in the clauses 4.3 and/or 4.4. Employees can, of course, also seek advice from a lawyer of his/her own choice and expense.

The implementation of the Policy reinforces relevant guidelines and policies.
